

COVENTRY™

NEW!

Hi-Purity Alcohol Wipes for Critical Cleaning Applications

Coventry™ Hi-Purity Alcohol Wipes are saturated semiconductor grade isopropyl alcohol (IPA) filtered through 0.05 µm media, either 100% or with 30% water deionized to at least 18 MΩ and filtered through 0.2 microns filter. The superior purity make these wipes effective and safe in the most critical applications, without leaving residues that are conducive to microbial growth or dendritic growth in electronics.

Note: Coventry™ Hi-Purity Alcohol Wipes are all non-sterile.

Coventry™ Hi-Purity Alcohol Wipes offer these great benefits:

- Wipes have excellent solvent and acid resistance
- Ultra-low acidity, ionics, trace metalics, non-volatile residues (NVR) and particulates
- Increases safety by eliminating squirt bottles and spills
- Improves efficiency with consistent saturation
- Cleanroom double-bagged with resealable inner-bag to avoid solvent loss

Recommended for:

- General cleanroom cleaning
- Cleaning critical metallic and non-metallic surfaces
- Aerospace production areas
- Medical device assembly

Hi-Purity Alcohol Wipes – Polypropylene

Semicon Grade IPA Wipes for Delicate Surface

- Economical for general purpose use
- Excellent softness and ultra-low abrasiveness is ideal for delicate surfaces
- Low linting, melt-blown polypropylene material
- Cleanroom processed and packaged
- Peel and reseal inner bag

6911IPA 9" x 11" (22.9cm x 29.9cm) folded polypropylene wipes, 70% semi-con grade IPA / 30% DI water (18 MΩ), 30 wipes/bag

Hi-Purity Alcohol Wipes - Econowipes™

Semicon Grade IPA Wipes for Lab and Workstation Cleaning

- Economical for general purpose use
- Non-woven 55% cellulose / 45% polyester for greater saturation, low linting and high strength
- Low abrasiveness
- Cleanroom processed and packaged
- Peel and reseal inner bag

6799IPA 9" x 9" (22.9cm x 22.9cm) folded wipes, 70% semi-con grade IPA / 30% DI water (18 MΩ), 100 wipes/bag

Hi-Purity Alcohol Wipes – Polyester

Semicon Grade IPA Wipes for Critical Cleaning

- Laser sealed edge and monofilament "no-run" polyester prevent loose fibers
- Durability for cleaning abrasive and irregular surfaces
- Class 10 (M3, ISO 4) cleanroom processed and packaged
- Ideal for cleaning semiconductor wafer fabs and other critical applications
- Inner bag reseals with slider

6259LEIPA 9" x 9" (22.9cm x 22.9cm) polyester wipe, 100% semi-con grade IPA, 50 wipes/bag

6259LE7030 9" x 9" (22.9cm x 22.9cm) polyester wipe, 70% semi-con grade IPA / 30% DI water (18 MΩ), 50 wipes/bag
