speed 

Drive with speed – fix with feeling.

Just imagine: a screwdriver which allows you to work twice as fast. An electric screw-driving assistant which relieves you of bothersome screw-fastening, yet allows you to finish tightening carefully by hand. Too good to be true? Not at all.

The first e-screwdriver from Wiha. An electric screwing assistant which relieves professionals of bothersome screw-fastening, yet allows them to finish tightening carefully by hand. Ideal for thread screws and delicate screw fastening tasks.

No question about it: **speedE**® is a true revolution for anyone who works with a screwdriver. With **speedE**®, you are faster, healthier and more efficient while out on jobs.

Increases your speed

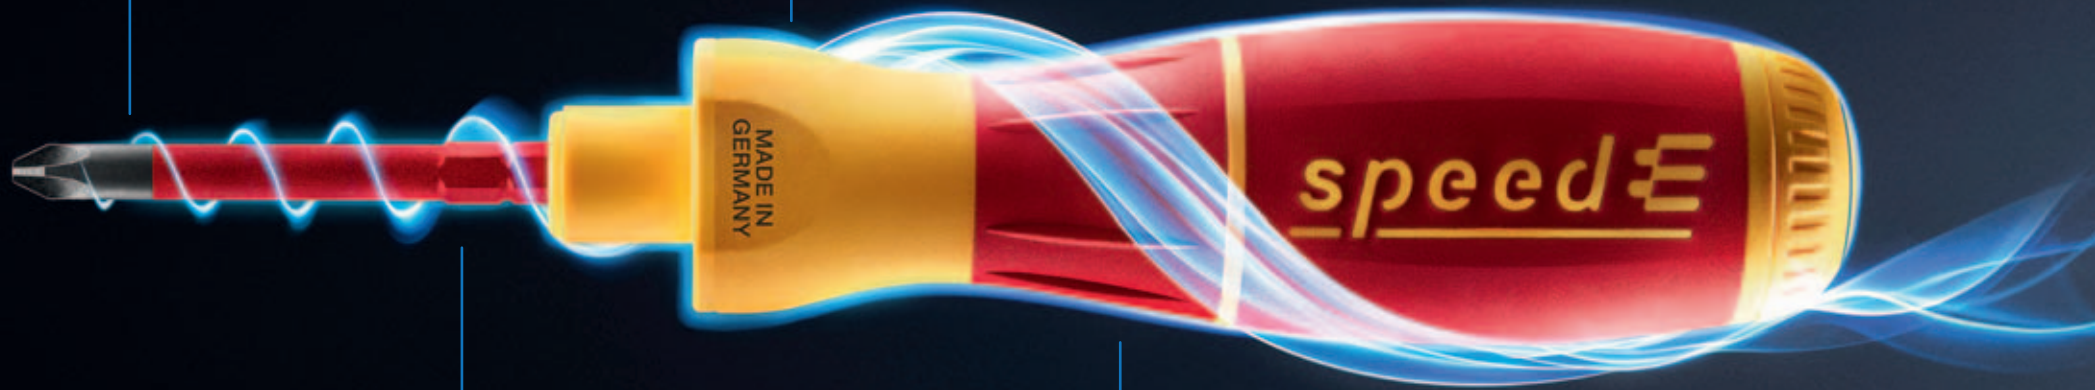

Work completed twice as fast thanks to a 3-step process.

Protects your material

Electric screw fastening with a protection function to prevent damage to materials (max. 0.4 Nm).

Increases your control

Fixing by hand with a deft touch.

Offers you full protection

slimBits tested at 10,000 V AC and approved for 1,000 V AC.

Protects your health

Recommended by doctors and therapists at German Campaign for Healthier Backs.

speed

Greater speed for all screw fastenings

Trade, households, service and maintenance, or working on live parts: Wherever you use it, **speedE**® will prove to be the ideal tool for virtually every screw-fastening task. Whether handling delicate fastenings, long screws or very many screws, professionals have no trouble working with the e-screwdriver.

Many more potential uses for the **speedE**® at www.wiha.com/speedE.

For all those who work on live parts

Power socket installation

Work in switch cabinets

Also easy to work above head

"Wow! The speedE® is a true multi-talent. Unbelievable the number of different situations it is the perfect tool for."

Manfred Bernauer

For all those who provide service and maintenance

For versatile use in trade and households

Industrial maintenance and installation

Window and door installation

Motorised equipment maintenance and repair

Heating, air conditioning, plumbing

Household appliances and white goods

Bicycle, motorcycle and lawnmower

speed

3 steps in 1 move

Be smart and save time! With the **speedE**[®], you can complete three steps in a single move, making it at least twice as fast as a conventional screwdriver.

1. Rapid electric tightening
2. Automatic material protection function at 0.4 Nm
3. Fixing by hand with a deft touch.

speed

One tool, many advantages.

Faster, more efficient, more controlled: **speedE**® is a little wonder full of advantages which brings benefits to everyone during their daily work. As with all Wiha tools, **speedE**® features an exemplary ergonomic design – there's a good reason why AGR doctors and therapists recommend it.

Ergonomic excellence!

Backs.

speed

Get yourself the best.

Different tasks, different requirements – that's why we have compiled three different speedE sets, including matching accessories. Included are speedE®, L-Boxx®, charger, rechargeable batteries, slimBits and, depending on the set, easyTorque torque adapter.

All sets deliver the same results: With **speedE®**, you maximise your performance and minimise your effort – experience it for yourself.

The easyTorque torque adapters transform the **speedE®** into the world's first electric Wiha torque tool.
