## TSD18 / TSD18AS

### The Gentle Touch DISPENSER

TSD 18  
(Normal)

TSD 18AS  
(Anti-Splash)

Techco ESD safe dispensers are the easy way to dispense alcohol, acetone, isopropanol, ethanol, methanol terpenes, thinner or any other similar liquids to use with swabs, wipes or cotton ball for cleaning applications.

There are two Models to choose from:

TSD18 - The dish-shaped pump dispenser allows for easy one-handed operation. This special design for the pump head reduces evaporation and prevents spills and contaminates from back flowing into the container.

TSD18AS - The unique anti-splash head design releasing holes are drilled at 30° angle slanting to prevent solvent from splashing upwards if operator applies too much force when dispensing, this solvent is dispensed out safely into the reservoir.

The dispenser includes a hinged lid to keep out impurities while not in use and the stainless steel pump head is to facilitate the use of aggressive solvents.

A precision valve prevents contents in the container to vaporize or leak. To ensure additional purity, the pump head is sealed with a cellophane band seal when delivered.

#### Specifications and ordering information:

- Part Number : TSD18 / TSD18AS
- Material of mechanical pump : Stainless steel
- Material of bottle : HDPE mixed with anti-static compound
- Surface resistance :  $10^9 - 10^{11}$
- Hazardous material : None
- Odour : None
- Capacity : 180ml
- Product dimension : 111mm x 55mm x 55mm (W x D x H)
- Product weight : 79g for TSD18 / 84g for TSD18AS
- Packing : 10 units per box / 870g per box
- Carton Measurement : 15 boxes per carton
- Gross weight : 573mm x 285mm x 337mm (W x D x H)
- Net weight : 15kg for TSD18 / 16kg for TSD18AS
- Net weight : 13kg for TSD18 / 14kg for TSD18AS
